Abdul Wasiu

CYBERSECURITY STUDENT

+92 3163265974

memonabdulwasiu@gmail.com

Memon Muhallah Wagna Gate Shikarpur

Education

- The Educators School Shikarpur (2019-2021) — Matric
- Govt: Boys Higher Secondary School City Shikarpur (2021-2023) — Intermediate
- Bachelor's in Cybersecurity Mehran (UET), Jamshoro Expected Graduation — 2027

Skills

- Programming (Python, Java,C++,SQL)
- Cybersecurity and Tools
- Office & Collaboration (MS Office 365)
- Designing (Adobe Illustrator)
- Computer Skills
- Computer Networking

Projects

- Student Database system (Python)
- Shopping Mart GUI (Python)
- Medical Store GUI (Python,SQL)
- UNIVERSITY NETWORK (CISCO)
- Automatic Phishing Site Creater (Bash, Python, Html)
- Voting Machine (Multisim)

Languages

- ENGLISH
- URDU
- SINDHI

About Me

I am pursing Cybersecurity Degree from Mehran University of Engineering and Technology (MUET) with a strong interest in ethical hacking, secure software development, and digital design. I've gained hands-on experience with tools like Burp Suite, Arjun, Wireshark, Nmap, Cisco Packet Tracer, and Kali Linux, and I actively participate in CTF competitions and security workshops to sharpen my practical skills. Through coursework and remote internships, I've developed proficiency in Python, Java, C++, and SQL, while also working on projects involving GUI development, networking, and automation. Outside of technical work, I contribute to university societies through graphic design using Adobe Illustrator and regularly participate in community service initiatives. I enjoy collaborating with others to build secure, user-centered, and well-designed solutions that solve real-world problems.

Participations & Certifications

- MLSA Workshop on GitHub Essentials — 2023
- Digital Pakistan Cyber Hackathon — 2024
- DEN Coding Cup — 2024
- 3D Workshop by Ignite — 2024
- Infyma AI Training — 2025
- Generative Ai Workshop — 2025

Relevant Courses

- Basics of Python — 2023
- Introduction to Cryptography — 2023
- Cyber Savvy: Navigating Linux & Essentials of Cybersecurity
- Introduction to Cybersecurity

Internships & Experience

- Remote Intern (Python & Java) — CodeSoft
  Developed small-scale tools for data parsing and reporting.
- Graphic Designer — (Freelance)
  Designed banners, logos and Other Things
  Head Director Graphics at CSS-Muet
- Cybersecurity Practice via CTF Challenges
